Amundi Global Aggregate Green Bond UCITS ETF EUR Hedged Acc A Sub-Fund of the SICAV MULTI UNITS LUXEMBOURG

ISIN code: (A) LU1563454823

Managed by Amundi Luxembourg SA, a subsidiary of Amundi Group

Objectives and Investment Policy

The Sub-Fund is a financial product that promotes among other characteristics ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

The Fund is an index-tracking UCITS passively managed.

The investment objective of the Fund is to track both the upward and the downward evolution of the Solactive Green Bond EUR USD IG" (the "Benchmark Index") denominated in EUR, in order to offer an exposure to the Green Bonds market, while minimizing the volatility of the difference between the return of the Fund and the return of the Benchmark Index (the "Tracking Error"). The anticipated level of Tracking Error in normal market conditions is indicated in the prospectus.

The Benchmark Index is representative of the performance of Green Bonds issued by investment grade entities and labelled in Euros and US Dollars. Green bonds are issued in order to fund projects that have positive environmental outcomes. To be eligible in the Benchmark Index, Green Bonds shall meet the criteria defined by the Climate Bonds Initiative, through a four-step process that includes: identification of environmentally themed bonds, reviewing eligible bond structures, evaluating the use of proceeds and screening eligible green projects or assets for adherence with the Climate Bonds Taxonomy. More information can be found on the website: <http://www.climatebonds.net/> and <https://www.climatebonds.net/standard/taxonomy>. The Benchmark Index follows an extra-financial approach significantly engaging that contributes to the energy and ecological transition by investing at least 90% of the net asset value of the Fund in Green Bonds comprising the Benchmark Index. The Sub-Fund has obtained the Greenfin label. Limits of the methodology of the Benchmark Index are described in the prospectus of the Fund through risk factors, such as the market risk linked to controversies.

Solactive's website (<https://www.solactive.com/>) contains more detailed information about the Solactive indexes.

The Benchmark Index is a total return index. A total return index calculates the performance of the index constituents on the basis that any coupons or distributions are included in the index returns.

The Fund seeks to achieve its objective via a direct replication, by investing primarily in the securities comprising the Benchmark Index. To optimize the Benchmark Index replication, the Fund may use a sampling replication strategy, and may also engaged in securities lending transactions. The potential use of these techniques is published on Amundi's website: www.amundiETF.com.

Updated composition of the Fund holdings is available on www.amundiETF.com.

In addition, the indicative net asset value is published on the Reuters and Bloomberg pages of the Fund, and might also be mentioned on the websites of the stock exchanges where the Fund is listed.

In order to hedge the EUR currency risk, the Sub-Fund uses a daily hedging strategy which aims at reducing the impact of a change in the share class currency against the currency of the Benchmark index constituents.

Information on how the Index is consistent with environmental, social and governance characteristics is available in the prospectus.

The share currency is the Euro (EUR).

Invested financial instruments: Bonds, Financial Derivatives Instruments

Dividend Policy : the accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

The minimum recommended holding term is 3 years.

The Sub-Fund's shares are listed and traded on one or more stock exchanges. In normal circumstances, you may deal in shares during the trading hours of the stock exchanges, provided that the Market Makers can maintain market liquidity. Only authorised participants (e.g. selected financial institutions) may deal in shares directly with the Sub-Fund on the primary market. Further details are provided in the prospectus of the UCITS.

Risk and Reward Profile

The risk level of this Sub-Fund mainly reflects the market risk arising from investments in international bonds.

Historical data may not be a reliable indication for the future.

Risk category shown is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

Your initial investment does not benefit from any guarantee or protection.

Important risks materially relevant to the Sub-Fund which are not adequately captured by the indicator:

- Credit risk: represents the risks associated with an issuer's sudden downgrading of its signature's quality or its default.

- Liquidity risk: in case of low trading volume on financial markets, any buy or sell trade on these markets may lead to important market variations/fluctuations that may impact your portfolio valuation.
- Counterparty risk: represents the risk of default of a market participant to fulfil its contractual obligations vis-à-vis your portfolio.
- Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing your portfolio.
- Hedging risk : The currency hedging may be imperfect and generate a difference between the performance of the Index and the share you are invested in.

The occurrence of any of these risks may have an impact on the net asset value of your portfolio.

Charges

The charges you pay are used to pay the costs of running the Sub-Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	Not Applicable for secondary market investors*
Exit charge	Not Applicable for secondary market investors*

This is the maximum that might be taken out of your money before the proceeds of your investment are paid out.	
Charges taken from the Sub-Fund over a year	
Ongoing charges	0.30%
Charges taken from the Sub-Fund under certain specific conditions	
Performance fee	None

The **entry, exit and conversion charges** shown are maximum figures applied on the primary market only. In some cases you might pay less - you can find this out from your financial adviser.

The **ongoing charges** figure is based on expenses for the current year. This figure may vary from year to year. It excludes:

- Performance fees
- Portfolio transaction costs, except in the case of an entry/exit charge paid by the Sub-Fund when buying or selling units in another collective investment undertaking.

*Secondary Market: because the Sub-Fund is an ETF, Investors who are not Authorized Participants will generally only be able to buy or sell shares on the secondary market. Accordingly, investors will pay brokerage fees and/or transaction costs in connection with their dealings on stock exchange(s). These brokerage fees and/or transaction costs are not charged by, or payable to, the Sub-Fund nor the Management Company but to the investor own intermediary.

In addition, the investors may also bear the costs of "bid-ask" spreads; meaning the difference between the prices at which shares can be bought and sold.

Primary Market: Authorized Participants dealing directly with the Sub-Fund will pay related primary market transaction costs.

For more information about charges, please see charges paragraph of the prospectus of the UCITS, which is available at: amundi.com or amundiief.com.

Past Performance

The chart has a limited value as a guide to future performance.

The annualised performances displayed in this diagram are calculated net of all charges taken by the Sub-Fund.

The Sub-Fund was launched on February 21, 2017. The Share Class was launched on June 21, 2017.

The reference currency is the Euro.

The Sub-Fund tracks the Benchmark Index and uses a FX hedging strategy. Such strategy follows as closely as possible the methodology developed by the Benchmark Index provider to determine currency hedged indices.
